

# FAST FACTS ABOUT TRÉ

Science has shown that a special group of nutrients called polyphenols, drawn from an equally special group of foods referred to as Super Fruits, plays a wide range of critical roles in supporting and maintaining optimal health, longevity, and cognitive capacity throughout life. This research tells us that when these polyphenols are absent from or deficient in our diets, aging processes are accelerated and disease risk is higher. Conversely, when they are abundant in the diet, aging is slowed and disease risk is lowered.

## Based in Nature—Backed by Science

### TRÉ – Nutritional Essence of Super Fruits

- Not just juice, Tré is a bioactive nutritional essence—a pure blend of three of nature's most potent, health-enhancing ingredients: Pomegranate, Acai berry, and Green Tea.
- These phytonutrient-rich Super Fruits join forces with Influx, an exclusive proprietary blend of deep, dark berries—blueberry, elderberry, bilberry, cranberry, black currant, and red and white grapes.
- This unique blend is further enhanced with two powerful, scientifically validated anti-aging antioxidants: resveratrol and alpha-lipoic acid.
- Tré provides nutrients that support the body's natural ability to fight the evil twins of aging and disease: inflammation and oxidation.\*
- A potent essence of nature, based on a solid foundation of science, Tré represents the next frontier in the pursuit of lifelong health and vitality.
